### 3 Way conferences for FRPS!

Online bookings for 3-Way Interviews on Wednesday 4<sup>th</sup> July are now open.

Please visit <http://www.schoolinterviews.com.au> and select 'Make A Booking'. You will need to enter the school code **eb2ud** and follow the on screen instructions to make your booking. If you are unable to make a booking online, please contact the school and we can make a booking for you. If you are unable to attend on the date but wish to organise an interview for a different time, please contact your class teacher.

We understand that parents are busy, so to enable parents and students to participate we are going to feed (a sausage sizzle) and entertain (supervised games and activities in the hall for students who are not involved in the conferencing sessions) families while these meetings take place.

A note will come home prior to the day for catering purposes so you can book your family in for dinner. All booking will be online. **Only families of students booked in to attend the 3 way conferences will be catered for during these sessions.**

### Athletics Carnival

The second part of our annual Athletics Carnival will be held on **Monday, 18th June** from 12pm to 3pm. It will be field events only for Years 3-6.

Due to postponing the field events for K-2 from wet weather last week, they will take place from 10am-11am on 18<sup>th</sup> June, then lunch as normal followed by track events for K-2 from 12pm-3pm.

This is a fun event and all students are expected to participate. House colours can be worn on the day and we invite all parents/carers and family to come along and support their child/children in this event.

### Enrolments

We are looking ahead to 2019 and are taking enrolments for Kindergarten.

If you know anyone who is planning to enrol their child for Kinder please encourage them to do so. Please see us in the office for an enrolment pack.

## Coding Club

Year 3 - 6 students have had the opportunity to join the Coding Club at school on Thursdays Lunch 1. We are a registered group with Code Club Australia who run a coding event, called Moonhack, which our students can participate in.

Started by Code Club Australia, Moonhack is the Record Setter event that is achieved by kids all over the globe. In 2016, 10,207 Australian kids participated, with the idea being to inspire kids to participate widely in digital technologies, inspiring kids to believe in their ability to aim for the moon. In 2017 Code Club aimed higher than the year before, and reached 28,575 kids!

This year kids from every village, every city and school or home around the world, will get the chance to collaborate and code to beat the record once again on July 20! Celebrate inclusion in STEM, diversity in technology and the opportunity to achieve big things through education when we work together.

This event will take place in the school holidays so, if students (even not in the school code club) wish to take part, parents need register their children on the following website.
